

RAJ VIR

UX/UI DESIGNER

☎ +91 8005883696 ✉ rajuxstudio@gmail.com in linkedin.com/in/rajveer11/

SKILLS

- **Proficient Skills:** User research, wireframing, prototyping, visual design, frontend development, user-centric approach, and communication & collaboration.
- **Visual Design:** Logo, template, typography, case study, branding, creativity, and attention to detail.
- **Technical:** HTML, CSS, WordPress, JavaScript, and TypeScript

With over 3+ years of experience as both a UX/UI Designer and Product Designer, I've transformed ideas into impactful designs. As a solo designer, I've mastered understanding client needs, collaborating with developers, and ensuring seamless team coordination to deliver results. I am eager to further specialize in creating intuitive and engaging user experiences that add measurable value to your organization.
